TOPICS OF THE TIME.

NEWS IN BRIEF.

From the Capital.

Ex-Senator Chandler has been appointed

to the office of Secretary of the Interior

vice Delano. October 19 he was sworn in

by Chief Justice Carter of the Supreme

Court.

Information of great success in the prosecution

of the St. Louis whisky frauds has

reached the Treasury Department. Four

out of five distillers, and four out of five

retailers, surrendered at discretion, pleading

guilty to criminal indictments and in the

case for forfeiture. The following are

these distillers: G. B. Bingham and J. W.

Bingham, forming the firm of Bingham

Brothers; Lewis Tenschner, R. W. Uric, Alfred

Bevis and C. B. Frazier, of the firm of Bevis

& Frazier. The retailers were F. C. Pos-

ter, G. Neuharth, Z. L. Brueker, B. H.

Engelke, L. G. Quinlan, R. A. Quinlan, and

Wm. H. Wadsworth. All these parties, at the

time of pleading, also withdrew all

claims to property seized by the government.

This amounts in value to over five hundred

thousand dollars. The civil suits on the

bonds of distillers will be pushed to a judgment

for the collection of unpaid taxes due.

Governor Ames has written a letter to the

Attorney-General, alluding to the Pacific

relations of the opposing political organiza-

tions in Mississippi, and expressing sincere

gratitude to the representative of the At-

torney-General, now in that State, who has

brought about this condition of things, and

insured a peaceful campaign and a fair

election.

The Post-office Department has decided to

order railway postal-car service between the

cities of Pittsburgh and St. Louis via

the Pan-Handle and Vandalia route and

passing through Indianapolis. The railroad

companies will immediately provide the

requisite cars, and the service will begin as

soon as the department can make the nec-

essary arrangements in regard to clerical labor

and alterations of schedule. By this means

it is estimated that the present postal fac-

ilities of a very large part of the Ohio and

Mississippi River valleys will be greatly

augmented and improved.

From the West.

Mr. Hong, Central Indian Superintendent,

states that his report for 1875 to the de-

partment will show greater advance in civiliza-

tion and wealth by the Indians of the In-

dian Territory than in any previous year.

The Creeks have been making a

better record than ever before, and nearly

double the acreage, which is more than ten-

fold greater than in 1869. A general state

of good feeling prevails among all the tribes,

and satisfaction is felt by all that they are

now progressing fairly, and desire to con-

tinue the experiment toward becoming self-

sustaining without molestation.

Major Knox, of the Interior Department,

has advised the Post-office Department, al-

lotting their lands to individuals, and has

decided to take them in severalty. The

tribe are more largely mixed with the white

element than any other tribe in the Ter-

ritory; many of them have good farms, farm-

ing implements, and the Kanawha Valley are

building a five thousand-dollar school-house

out of their tribal fund.

It is reported that the Indians at Lower

Brute Agency and at Fort Thompson are

much excited because the Government has

ordered a survey of land in the neighbor-

hood of those posts.

Fires.

In Charleston, W. Va., a few nights ago, a

fire broke out in Dandridge's restaurant on

Capitol street, which swept from the Cotton

Opera-house to Virginia street, totally de-

stroying seven store-houses, including

Gates' photographic gallery, the Hale House

livery stable, and the Kanawha Valley mar-

ble works on Virginia street.

A fire at Anderson, Texas, destroyed four-

teen stores and dwellings, Old Fellows' Hall

and furniture, Wilson & Howell's store, two

warehouses, the post-office and valuable

mail matter. The losses are estimated at

\$40,000; partly insured.

Wagner's lager beer brewery, at Stapleton,

St. Louis, was recently burned. Loss

\$50,000. Insured.

A fire in Freeport, Illinois, destroyed the

fire building occupied by the Freeport

Wash Factory. This establishment has

been in operation six months, and several

hundred were in process of completion.

The loss on building and property is one hun-

dred. After fifty thousand dollars. The fire

was undoubtedly of incendiary origin.

An incendiary fire at Mahoney Place, Pa.,

destroyed Kirtin's drug store, in which were

the Post-office and Western Union Telegraph

houses adjoining.

The mail matter and telegraph instruments

were saved. The total loss is \$30,000.

Accidents and Incidents.

A special dispatch from Macon, Mo., to the

St. Louis Globe-Democrat, says: Dr. B. F.

Sherman and Samuel Parker, one of the

oldest citizens of this place, went to Beaver,

and while there visited Dr. Shanks' drug

store. After leaving the store they had not

proceeded ten feet when Parker fell on the

street in convulsions. In five minutes Dr.

Sherman was similarly affected, and in twenty

minutes both were dead. It is supposed

that the two men had been drinking. The

coroner has gone to examine into the matter.

Simon N. Small, formerly a prominent and

wealthy lawyer of Milwaukee, Wis., com-

mitted suicide recently, by shooting himself

through the head. The act is attributed to

depression, induced by an incurable and

chronic disease, and pecuniary losses. De-

ceased was formerly proprietor of the New-

hall House.

A dispatch from Owensboro, Ky., says

Professor Achison, an aeronaut, was seri-

ously injured at that place. He attempted

an ascension at the Calhoun Fair to please

the spectators, but by the burning of the

balloon when several hundred feet high, was

precipitated to the earth and badly hurt. His

recovery is doubtful.

A young man, named Harry Cronse, was

found dead near Sharpsburg Station, Pa., a

few mornings since.

"Amalgamation."

The extreme radicals of the North have, at all times, urged the full equality of the black and white races. They desire the blacks to be put on a thorough equality with the whites, with a "few exceptions." We notice that in the non-slaveholding States—especially in the Northern States—the radicals violently oppose the interment of dead negroes in their cemeteries, and such is the opposition that is made to the burial of blacks in these cemeteries, that a threatened breach now excites the men and women who are lot owners in the same. It seems very queer that those people will advocate equality "before the law" in everything except interment of the dead. We learn that when it was proposed to bury a colored corpse in one of the northern cemeteries where the whites were lot owners, a violent opposition was made, and that men and women gathered upon the ground to resist the "intrusion." This was not a consistent action upon the part of those who have insisted, and still insist, upon the full equality of the two races. It is said that "consistency is a jewel"—but in this case—we think there is neither consistency nor jewel. The fanatics of the north are slowly—but surely—opening their eyes to a true sense of their duty. At one time—and that not long since, those people looked upon a man as a "double dyed rebel and secessionist" who would not admit to his house upon terms of equality socially, any and all of the blackest Africans in the land, who might desire to call upon him, and they considered any one a fit subject for a prison who would refuse to receive them in any deliberative body, theatre, tavern, coach, or car. Behold the change! They have made a "new departure." Their eyes have been opened to a proper view. They now object to having the dead negroes buried in their cemeteries, and threaten almost a "war of races"—if such is permitted.

Times change, and things change with times. After all we rejoice to see that "our northern brethren" have opened their eyes to a true sense of the situation. The shoe is now on the other foot. Let them feel as we have felt for many long, weary years. Let them, for a time, wear the yoke which we have worn to our sorrow and grief, and then—but not till then—can they fully appreciate the situation of their "Southern brethren."

LATEST NEWS.—The losses by the burning of Virginia City are now estimated at \$7,500,000. Help is badly needed. Several deaths have occurred from exposure. It is thought that the London case will be pushed to trial, and that Mrs. Tilton and most of the distinguished witnesses in the great scandal will figure in this. George Baber of the Bowling Green Democrat, has purchased the Lexington Dispatch, and will take control of it in a short time. The President by proclamation has fixed the 25th of November as a day of thanksgiving and prayer throughout the United States.

RELIGIOUS.—Messrs. Moody and Sankey, the great evangelists, have—at last—begun a revival in the city of Brooklyn, N. Y. It is said that the large "Rink" in that city—was not large enough to hold even one-half of those who desired admission, and hence were turned away. We know of no other place in all our country, where the services of these evangelists are more needed. It is also said that after they have done their work in the city of Brooklyn, they will begin in the city of New York, the same kind of work.

GLAD OF IT.—The whole country will rejoice to learn that the scandal suits of Beecher vs. Tilton and Tilton vs. Beecher, in the Brooklyn courts, have been dismissed by order of the District Attorney. This will put an end to a troublesome litigation. Let us all rejoice thereat.

GOV. ALLEN.—Ohio, has made several very effective speeches to the laboring men of Pennsylvania, within the past few days. He has opened their eyes to a true sense of their situation. Thousands flock to hear him.

TERRIBLE FIRE.—A fire in Virginia City, Nevada, burned nearly the whole town. Churches, hotels, company buildings, newspaper offices, &c., were swept away. Over 10,000 people were thus made homeless.

GOVERNOR MCCREARY has appointed two delegates for the State at large—and one for each Congressional District, to attend the great railroad Convention which meets in St. Louis next month.

THE Grand Lodge of Kentucky Odd-Fellows met in convention at Louisville, on Wednesday last, and are having a fine meeting.

At the unveiling of Stonewall Jackson's monument at Richmond, Va., the other day, over 50,000 strangers were present.

LINCOLN COUNTY NEWS.

Madisonville.

A serious accident occurred near this place, on Saturday last. A Mr. Taylor, who has recently moved into the neighborhood was driving a pair of mules down the steep grade, approaching the village on the Danville road, at considerable speed, when the reins flew off both his front wheels. The rims of the wheels were soon demolished, and the clattering and bumping of the wagon as it thundered along on the ends of the spokes added to the fright of the team. Mr. T. was thrown out and run over. One of his legs was broken, and his ankle dislocated. The debris of the vehicle were scattered along the road until the mules got clear of all their attachments. The sufferer started for home on one of the animals, refusing to have his shattered limb even bandaged. We have not heard from him since.

Quite a number of young men of this vicinity are making preparations to leave for Texas. It has ever been thus. Since the scattering of the human race at the foot of Babel's Tower there seems to have been an increased effort to reach some dreamed-of land, where brighter skies, a purer atmosphere and more fruitful seasons shall mitigate the curse of labor and suppress the necessity for plodding toil. A few have succeeded, while thousands have failed. Still this seems to be the problem which "Young America," especially, must solve. Strong arms and resolute spirits may accomplish much; but the emigrant from Kentucky leaves a goodly land behind him.

VACANT houses are becoming ridiculously plenty in our town. Can you not send us a few of your superabundant population to replenish our numbers before the next census? It is thought our Bachelor Association will soon be compelled to offer inducements to settlers. We note that several buttons are missing already among the fraternity; and frayed wristbands continually make their mute appeal for sympathy and aid. If this matter be not amended we predict a Sabine raid in less than six months.

You must apologize to Davy Vandever for the charge your paper has so often made as to his want of public spirit. You should visit the new and enterprising town which has recently sprung up, as if by magic, at McKinney's Station on the C. & S. R. R. There, on a corner lot, spreading its ample wings—the very embodiment of maternal solicitude—ready to shelter and minister to every hungry, homeless wayfarer, sits the Vandever Hotel—the Galt House of the rising city. Near at hand is a well-appointed store-house, fit emblem of a growing commerce. A convenient corner lot is secured by Dr. Alcorn that medical aid may be accessible. McIntosh already smiles at his forge, ready to shoe the limping steed or weld the broken axle; and we expect every day to receive the donation of a lot that another learned profession may be represented there.

Crab Orchard.—The unceremonious visits of Johnny Frost, exhibiting his proverbial propensity for biting, have exerted a very demoralizing power over the once verdant and blooming woodlands, fields and flowers.

On account of Circuit Court being in session, business here is somewhat stagnant. SCREELY all observant persons see the great need for Crab Orchard being a county site—not of Lincoln—but of a county formed from portions of Lincoln, Garrard, Madison, and Pulaski. Her delightful location, the superiority of her educational facilities, with her extraordinary advantages as regards inducements to health seekers, demand that she no longer remain the satellite, obsequiously awaiting superiority to her neighboring towns, but rise in all the power of her might claiming that her dues be allowed, and the establishment of the proposed county be consummated. What say the people?

The young people anticipating the approach of "amusement time," enjoyed the grand opening entertainment of the season at the Saunders House, on Monday night. The array of beauty, grace, intellect and urbanity would have become a place of much greater magnitude and pretensions.

DEVOLENT, there will be services in the Baptist church on next Sunday, by the Episcopal Bishop. There will also be several confirmations.

We had the pleasure of meeting the charming and intelligent Misses Paxton and McKinney, during their visit to our town.

We have with us now Dr. Lee Huffman, of Stanford, who is located here temporarily for the purpose of extracting or repairing molars of all desiring it.

CASEY COUNTY NEWS.

Middleburg.

MARRIED, at Read's school-house, near Highland on the 24th inst., by the Rev. Mr. Cook, Mr. Jasper L. Buster, late of Wayne county, to Miss Mary Bastin. Also, at the same time and place, Mr. Abram C. Bastin to Miss Darcus Ann Daugherty. All of the above except Miss Daugherty live near Mr. Salem. Miss D. did live near Stanford. They returned to the house of Mr. Asariah Bastin, where they received a very demonstrative charivari at night.

THE distressing news comes to us of the death of Mr. George Y. Murphy, living five miles below Liberty. On the 19th inst., he had been hauling gravel repairing the pike, and on his return home about dusk, his horse became frightened and ran off with the wagon killing him instantly. His skull was broken, also some of his ribs, and he was otherwise mangled and crushed. Mr. Murphy was a popular citizen and his loss will be severely felt.

ANOTHER unfortunate accident took place in this county only a few days since. Dr. O. P. Helston, a prominent physician of Casey County, was kicked on the head by a mule and his skull broken. The mule was said to be old and gentle, and never known to have any bad tricks before. The last authentic news received from the Doctor was that he was in a critical condition, and a later rumor comes that he is dead.

LAND SALES.—P. C. Butt sold to James Cox, of Boyle, 71 acres of land near this place for \$5,000, a few days since.

ETHELBERT.

Eggs' Creek.—The far owners in this locality are about through sowing their small grain.

CORN is good, and dull at \$1.50 per bushel, in the field.

ELDS. TAYLOR and CHERRILL, of the Baptist church, are conducting a series of meetings at Concord. We sincerely hope that much good will be accomplished.

A BAD AFFAIR.—On the 19th inst., Mr. George Y. Murphy's team (while hauling gravel on the pike near Liberty), became frightened from some unknown cause, and ran away. He was thrown from the wagon and was caught in one of the wheels and carried some distance. One of his limbs was broken twice below and twice above the knee fracturing his skull and mutilating his body to a considerable extent. In this almost insupportable condition he lived for a few hours and expired. We sympathize with the bereaved family.

A GRAND DISCOVERY.—We are indebted to Wm. Coffey, who resides near Hustonville, for the following: A short time since, he (Mr. C.) was requested by J. W. Weatherford to come to his premises to assist him in amputating sheep tails. Upon arrival he found that with such knives as they had to use the undertaking must absolutely be a toll on one. So Mr. C. inquired of the Col. to know if he had a pair "pruning shears"—finding a pair, he went to work with it—and in a very short time, the tails of nearly 200 sheep were amputated.

At a recent meeting of Lodge 1187 I. O. G. T., we found that business pertaining to the Order progressing in the usual well-conducted style. We notice that the zeal which had hitherto been displayed among the members of the fraternity in this locality is increasing. This will suffice to convince any one that a determination will accomplish much. At the same meeting, we were pleased to see the genial faces of Messrs. Lucas and Staton, also Misses Russell and Le Campbell, members Tilmann Hocker Lodge, 779. Will they visit us again, soon?

The appropriations made by the Court of Claims for this county, to meet current expenses for the past year amount to the sum of \$50,000, or nearly so. We presume the County Judge will have them published in detail. Until this is done, we can only give our readers the above grand aggregate.

A GENTLEMAN informed one of our reporters last Tuesday, that an attempt to rob a stage was made upon the person of a stranger who was going from Crab Orchard to Lancaster the day before. The would-be robber drew a pistol, but before he could induce the halted man to stand and deliver, another approaching party scared him off.

We learn from several legal gentlemen that the title to the coal lands in Pulaski county is not yet settled by a great deal, and that after the C. & R. R. shall have been completed to that point and below, the owners, or quasi owners of the same, will assert new or old and sleeping claims, which will give rise to a multiplicity of suits and almost endless litigation. So much the better for the legal fraternity.

SERIOUS ACCIDENT.—Mr. J. J. Landrum with his wife and three children were driving out in a spring wagon last Saturday evening, and escaped great injuries by almost a miracle. The horse became unmanageable and dashed over a stump, over an embankment and upset the wagon, spilling from it, and injuring all, more or less, especially one of his little girls, who received a huge cut on the face. Fortunately no bones were broken, and all are doing well.

DIED.—Mrs. James R. Warren, wife of our worthy Postmaster, died here on last Sunday morning, at 9 o'clock, in the 68th year of her age. She had been more or less an invalid for some years, but the disease which caused her death was a severe attack of pneumonia combined with bilious fever. She was an earnest member of the Christian church. This has passed away a woman of many virtues and Christian graces. She leaves a husband and four children to mourn a loss which is her decided gain. Her funeral was preached on Monday following by Rev. S. H. King, at the Christian church, to a large audience of friends and relatives, who attended to pay that last tribute to her worth and memory.

A COMMON PLEAS COURT.—It was formally demonstrated at the present term of the Lincoln Circuit Court that there should be a Court of Common Pleas established in this judicial district, embracing at least four or five of the adjoining counties, or one or two counties near Lincoln. The counties of Garrard, Boyle, Lincoln, Mercer and Pulaski would form an excellent district. Of the 525 cases on our present docket, not one-fifth of them were disposed of at the present term, as we are informed by the Attorneys. We also learn that on last Friday, the fifth day of the court, only about half a dozen cases had been tried, and the Judge, seeing the impossibility of trying any contested civil case after the first week, continued all of them until the next April term, 1876, and discharged litigants and witnesses in the same. Not more than two or three common law cases, if any, will be tried, the entire term of twelve days being taken up by the criminal and equity cases, and less than one-fourth of them will have been properly disposed of. This is a great hardship and expense to many persons, some of whom come miles to attend court, and are compelled to return with their cases still upon the docket. Is it not thus plainly manifested that some relief is needed? The case is too plain for argument. The Judge, attorneys, litigants and witnesses, all clamor for it, and the State Assembly owes it to them to establish next Winter a Common Pleas Court for such counties as the necessity of the case may require.

We have thus brought the matter before the general public in our columns, at the request of various interested and influential gentlemen, who assure us that unless some sort of relief is given, and that speedy a settlement of their disputes through the medium of our courts as they are at present constituted.

Some may argue that to establish another court would increase the public expenses. Even though that may be true, the times demand the increase. Justice and right call for it. But the increase of expense is largely overbalanced by the expense incident to litigation whenever a case is brought to court. It is the people's money after all, and the people are the litigants. But the item of increased public debt is one of secondary consideration when compared to the sacred right of the citizen to have such tribunals opened as will enable him to settle a difficulty with his neighbor.

Court Items.—The case of the State against Andy Owsley, charged with cutting and wounding with intent to kill another colored man, was tried, but the jury "hung."

Commonwealth against David Payne, for carrying concealed a deadly weapon, the jury found him guilty and fixed his fine at \$50, and his punishment at 15 days in the county jail.

Commonwealth against John Tucker, for carrying concealed a deadly weapon, resulted in a verdict of not guilty.

Wm. Hurst, who has been in jail for seven or eight months, was sentenced to the penitentiary for a year, on charge of grand larceny.

In the case of the Commonwealth against Ben. Martin, charged with carrying concealed a deadly weapon, the jury was not able to agree—and were, of course, discharged.

Ely, whose case, on a charge of murder, we mentioned last week, was acquitted—the jury returning out only a short time. The cases of alleged parties criminal, Hall and Gresham, were continued.

Lucinda Green, colored, charged with keeping a disorderly house, was fined \$30 and costs.

Several prisoners who have been confined in jail for several months, were either sent to the penitentiary or released on bond so that there only remains about five in the prison.

Scott Graves, a young man, a native of West Virginia, charged with killing Buford Ginn, at the Tunnel, in December last, has been confined in jail here since the fatal occurrence, on a charge of murder. The case is a most unhappy and unfortunate one. They were both under twenty-four years of age, and had been

close friends for years; the young man Graves having lived for several months in the family of the father of Ginn, and they attended school together for the time. It may be remembered by many of our readers that during the month of December last, Graves, Ginn, Bishop, and perhaps another man, got into a friendly scuffle at King's Mountain Tunnel, and being "hot blooded" the "trifling scuffle" ended in the death of Ginn and the wounding of Graves. The latter was immediately arrested and had an examining trial, which resulted in his being sent on to the April Circuit Court to answer an indictment for murder, and bail fixed, at said term, in the sum of \$2,000—in default of which he was remanded to jail. His trial began on Tuesday last, before the following jury: Frank Owsley, G. N. Bradley, John White, R. Cobb, J. S. Owsley, T. D. Hill, J. H. Hucker, S. W. DeFord, Jas. Daddar, L. M. M. Powell, J. H. Root, J. T. Hackley. It took but a short time to find a jury, as no few persons had heard of the killing. The father and several friends of young Ginn were present, not as prosecutors or persecutors, we learn, but to see that justice was done. After a full investigation of the facts, the jury, having retired to their room to deliberate upon the case, returned a verdict of not guilty, which gave almost universal satisfaction to those who heard the case and knew the facts.
